

## FOREWORD

Welcome to the 2001-2002 edition of the *University of Pittsburgh Fact Book*. The *Fact Book* presents information about the University that students, faculty, staff, alumni, and others frequently request of the Office of Institutional Research.

Much of the information included in the *Fact Book* is compiled by Institutional Research from data sources developed by our office to respond to the planning, budgeting, and governmental compliance requirements of the University. If the source of the data presented is different from Institutional Research, we cite the office providing us with this information. We are grateful to all of the various individuals who have provided us with data for inclusion in the *Fact Book*.

Upon request, our office can provide more detailed or related information than is presented in this book. An on-line data request form, along with various other types of information, is available at the Institutional Research website, [www.ir.pitt.edu](http://www.ir.pitt.edu). Our website also provides access to the on-line version of the *Fact Book*.

We encourage your comments regarding the *Fact Book* in our efforts to improve future editions.
