Notes: Degree programs enumerated here are those that are currently offered, that is, those to which students can be admitted.

Application to certain programs and the subsequent conferring of specific, non-terminal degrees in these programs are contingent upon departmental guidelines.

The Bachelor of Philosophy degree (BPhil) is offered through the Honors College and is available in all baccalaureate programs. As such, it is enumerated only once in this table. The one exception is the Dietrich School of Arts and Sciences degree program, International and Area Studies, in which the sole baccalaureate awarded is the BPhil.

Offered in addition to those programs enumerated here are the combined major and numerous dual, joint and cooperative degree programs.
