Notes: In this table, the schools are listed in the same order as is used in presenting student enrollment information in the Student Information section of the *Fact Book*.

The degree and certificate programs listed are those in which students may enroll as in presently available to students who wish to declare a major in them.

Application to certain programs and the conferring of specific, non-terminal degrees in these programs are contingent upon departmental guidelines. That is, some students in some doctoral programs may wish to conclude their studies with a Master's degree.

The Bachelor of Philosophy degree (BPhil) is offered through the Honors College and is available in all baccalaureate programs. As such, it is enumerated only once in this table. The one exception is the Dietrich School of Arts and Sciences degree program, International and Area Studies, in which the sole baccalaureate awarded is the BPhil.

Offered in addition to the programs listed here are the combined major and numerous dual, joint, and cooperative degree programs.
